- Requires additional number of sessions: 1 session per tablet

Rugged Tablet

- Priced at: €500 per device + €2.50 per device per month
(3 – 4 week lead time)

HRLocker Training - €300 per session

Train System Admins and / or System Managers to use HRLocker from their own point of view. As all tiers have separate permissions and abilities, we are happy to breakout into two separate sessions or include everybody in one. These sessions can also be recorded for you to keep afterward.

In future – if you onboard new managers and/or admins, we can perform training sessions anytime throughout the year also.
