# Partner with HRLocker

The HRLocker Partner Programme is designed mainly for Irish consultants working with SMEs.

We understand that consultants manage a mix of clients with various needs. We want to help you reach your ambitions.

HRLocker wants to ensure that you and your clients get the most out of everything HRLocker and our Partnership programme offers.

## What does a Partnership with HRLocker look like

A free Demo account

System training

Monetary benefits for all introductions

Comprehensive support throughout

## Who can join?

Many consultants across Ireland have already partnered with HRLocker. These range from independent consultants just starting their business, to well-established HR consultancies. We will help you devise a strategic growth plan to include HR software as part of your offering, or for the occasional client looking for an HR solution. We know HRLocker will be a great addition to your product offering portfolio.

We pride ourselves in offering a true partnership and we're always looking at the best ways to support you and your business.

In this brochure, we'll explain how partnering with HRLocker benefits both you and your clients.

# Why become a Partner?

The HR Partner programme is designed for Ireland-based HR consultants.

HRLocker is a multi-award-winning software providing you with the opportunity to support clients and transform the way they work, whilst having instant, easy and secure access to your client's data.

We will help you grow your business, enhance your service, save time and focus on what matters most: people.

## A real relationship

We work with our Partners closely and offer support whenever it is required. We pride ourselves on building strong relationships whilst giving you and your team the tools you need to confidently and successfully promote HRLocker. We're always looking for opportunities to promote our Partners to our direct customers, too. We also hold monthly webinars and podcasts where we regularly invite our Partners to contribute as guest speakers.

## Grow your business & services

Our Partners have told us first-hand that HRLocker is a great tool for adding value to their clients. Your involvement with HRLocker could be as little as a monthly touchpoint to discuss your referrals or new product features. HRLocker supports the needs of both client and partner whilst creating wider opportunities for Partners to get involved and proactively support their clients.

## Rewards Scheme

As a Partner, you will receive 20% of the year 1 license fee for clients you refer with no obligatory targets or tie-in periods. We also provide rewards for partners who work with clients on a retainer basis. We plan to host annual Partner awards to celebrate the successes of our Partners in the future.

## Extensive support & tools

You will be assigned a Partner Account Manager where you'll have access to 1-1 calls, a training demo account and regular catch-ups. You will also have access to educational webinars, podcasts and blogs covering the latest industry trends. HRLocker also has its very own Partner Portal full of useable promotional resources, key information, system videos, technical support and much more. We see ourselves as a part of your business and will help you be a successful HRLocker Partner.

# Pricing

Offer your clients a simple, affordable system with no hidden costs.
